

## **Code Inspection for Healthier Homes**

**November 30, 2016**

**9:00 a.m. – 3:00 p.m.**

**Course Description:** The Code Inspection for Healthier Homes course is a one-day course for Code Inspectors. Participants will learn about the prevalence of common housing maintenance problems from data based on the American Housing Survey. This course also provides information on the health-related provisions of state and local housing codes and the International Property Maintenance Code (IPMC). Participants will also learn about the strengths and weaknesses of various enforcement strategies on resident health

**Who Should Take This Course:** Health and Housing Advocates, Home Inspectors, Landlords, Code Administrative Staff, Code Enforcement Inspectors, Housing Inspectors, Registered Environmental Health Specialists, Public Health Nurses and Realtors

**CEUs:** The American Association of Code Enforcement approves 0.6 CEU's for Code Enforcement Officers and Zoning Professionals. Approval is valid through April 1, 2017. Approval for Public Health and Nursing CEUs is pending.

**Cost:** FREE     A light lunch will be provided.

**Mini Session Option:** 9:00 a.m. – Noon (3 hours) This option is available for those interested in an overview of the program. Please note that CEUs will not be available for ½ day attendance.

### **Location:**

West Windsor Municipal Building-271 Clarksville Road-West Windsor, NJ 08550
