West Windsor Township Approved To Receive \$30,000 Funding For The Wallace Road Pedestrian Safety Improvement Project

West Windsor, NJ – West Windsor Mayor Shing-Fu Hsueh announced today that the Township has been approved to receive \$30,000 for the Wallace Road Pedestrian Safety Improvement Project. The project will be funded by the New Jersey Department of Transportation under the FY-2017 Transit Village Program. West Windsor Township’s commitment to revitalization and redevelopment in a manner that encourages the use of the transit facility made this allocation possible.

Mayor Hsueh stated, “We are grateful to the New Jersey Department of Transportation Trust Fund and the ongoing cooperation between the Township and the State for improvement and promotion of our pedestrian friendly roadway design. We will participate in all available programs to enhance the safety of the West Windsor community.”
