West Windsor Township 2016 New Jersey Safe Routes to School Gold Level Winner

West Windsor, N.J. -- Mayor Shing-Fu Hsueh announced today that West Windsor Township has been awarded a Gold Level status for the 2016 New Jersey Safe Routes to School Recognition program (NJ SRTS). There are only 24 communities statewide receiving such an honor. The New Jersey Department of Transportation created and supported the NJ SRTS even before the Federal Safe Routes to School Program began in 2005. The Safe Routes program can involve physical improvements to the environment, as well as encouragement programs to promote more walking and bicycling to and from school.

The Greater Mercer Transportation Management Association (TMA) has implemented statewide SRTS programs to work with schools and towns to bring a wide range of benefits to students and the community.

Mayor Hsueh stated, “We are grateful to the NJ Department of Transportation and the Greater Mercer TMA for assisting West Windsor Township in the funding and promotion of the NJ SRTS program. This program has been the catalyst in establishing healthy, independent children and adults, educated in walking and bicycling safety, and improving quality of life for all West Windsor residents.”
