

CHRISTMAS TREE COLLECTION

Starting December 27, 2022. Public Works will begin curbside collection of Christmas Trees. You DO NOT need to call to schedule a pickup of a Christmas Tree. All lights, ornaments, garland, tinsel, nails, stands and plastic bags must be removed prior to placing your tree at the curb for collection. Artificial trees are not part of this collection program. If you want to dispose of an artificial tree, you would place out for your regular trash collection.

Final day for curbside collection is Monday, January 23, 2023. Please place at curb by 7AM for collection.

As a reminder, you can bring your Christmas Tree to our Public Works Facility located at 70 Southfield Road during Resident Drop-Off hours :

Monday—Friday 8AM—2PM and Saturday 8AM—12PM, excluding holidays.

At our location, please remove from the tree bag prior to placing the Christmas Tree in our brush pile.
